

Our commitment *to patients*

We strive every day to create high-quality, innovative medicines that are more accessible and affordable to billions more people.

We want to ensure patients can access them; it's not enough for innovative drugs to simply exist.

We work with cancer communities in the U.S. and around the world to learn from and provide support to patients, caregivers, and families to raise awareness and improve lives.

- **We communicate** honestly, transparently, and accurately.
- **We listen** with empathy to learn from patients/caregivers and connect with them.
- **We respect** the healthcare provider/patient relationship.
- **We empower** patients through education and resources to manage their disease.
- **We respect** diversity and promote inclusion among all people impacted by cancer.
- **We support** initiatives and programs that help patients live fuller, more engaged lives.
- **We provide** opportunities for our employees to engage with cancer communities.

BeiGene

Cancer has no borders. Neither do we.
