

Optimizing CLL Care in Northern California

Please join CLL Society for a free, in-person round table discussion amongst healthcare professionals, patients, care partners, and patient advocacy groups in Napa, California to talk about chronic lymphocytic leukemia (CLL). Interact with a panel of experts as they engage participants in conversations about CLL treatment options and available resources.

May 2, 2025

5:30 - 7:30 PM, dinner & beverages included

Napa Valley Marriott Hotel & Spa

Vintners Ballroom | 3425 Solano Ave | Napa, CA

To learn more about CLL visit www.cllsociety.org

CLL Society Inc. is a patient-centric, nonprofit organization focused on patient education, support, policy and research. Dedicated to addressing the unmet needs of the chronic lymphocytic leukemia (CLL) and related blood cancer communities, we explain the rapidly changing therapeutic landscape and the importance of clinical trials, support and build patient networks, engage in research, and educate providers and patients.

MEETING OBJECTIVES

- Advance the dialogue around the innovation of novel therapies as important treatment options in the fight against CLL.
- Educate and empower all of those involved in the care of individuals with CLL to actively participate in shared decision-making conversations.
- Grow CLL Society's impact and visibility at the community level as a trusted partner of choice in the community putting patients first through a deepened focus on education, access, support, and empowerment.
- Learn about the tools and resources that are available to positively impact the course of treatment, quality of life, and overall outcomes for those living with CLL.
